REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1-11 and 16-27 have been found to be allowable over the prior art of record. The IDS filed 10/24/03 cited Grassl (US Patent 6,030,900). Grassl teaches a process of forming a spacer layer whereby a layer of silicon dioxide is formed selectively on surfaces of a trench to form the spacer. The claimed process recites forming a planarizing layer. The layer of Grassl is not a planarizing layer. Therefore, Grassl does not teach or make obvious the claimed process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
